

COMMUNITY INVOLVEMENT UPDATE

Lighthouse Point team members have been busy both on the project site and off. Most will say that the most rewarding part of their jobs is connecting with the surrounding communities. Here's what we've been up to.

Getting Back-to-School Ready

By partnering with the South Abaco District Local Government Authority, we were able to equip more than 1,300 students with backpacks stuffed with school supplies for the upcoming year.

- American Bridge Bahamas worked with local government officials to hire a local subcontractor to perform pothole repairs in South Eleuthera.
- Meal distribution to those in need in Deep Creek. By working with local police, we were able to identify those who could use a little assistance and delivered bags of non-perishables to each person.
- Surplus food distributions to residents in Rock Sound.
- Disney and American Bridge Bahamas purchased all the necessary materials to repair the Homecoming Field in Wemyss Bight. A local contractor was able to replace the pavilion roof and outside walls of the concession stands. Ongoing work includes wiring and breaker box replacement.

The Bannerman Town Anglican Church received \$1,500 towards replacement windows from American Bridge Bahamas. Labor was donated by local parishioners. The four new windows help fill the church with the bright Bahamian sun and prevent leaking and water damage.

COMMUNITY INVOLVEMENT UPDATE (CONT.)

Beach Cleanup in Bannerman Town

Disney, American Bridge Bahamas, and ISD organized a beach cleanup on Sunday, September 18, 2022. A group of approximately 50 employees spent three hours collecting 4,100 lbs of beach debris. The materials were brought back to the project for sorting and were recycled.

Reading Together

On December 2, 6 VolunTEARS from the Lighthouse Point construction team distributed books and plush toys to five schools in South Eleuthera (Wemyss Bight Primary, Deep Creek Primary, Green Castle Primary, Rock Sound Primary and Tarpum Bay Primary), impacting a total of 373 students. The team partnered with Junior Achievement Bahamas to plan these visits. Pictured L-R: Terrance Donald (AB) and Steven Norton (WDI).
